Commissioner for Patents
Washington, District of Columbia 20231

Sir:

Prior to examination, please amend the above application as follows:

Specification: Page 5, paragraph 4 delete and substitute the replacement paragraph on the following page.

REMARKS

This revised Amendment B is being re-submitted pursuant to the Notice of Non-Compliant Amendment mailed 08/04/2004. The revised Amendment has been updated to comply with 37 CFR 1.121, per my phone conversation 08/16/2004 with Ms. Wagstaff, Legal Instruments Examiner. I would like to extend my thanks to Ms. Wagstaff for her timely response assistance.

This amendment is provided to correct a typographical error in patent number cited for the Kahler smoking device. The unamended application cites patent number 3868646 in error, a patent from an unrelated field of invention.

Respectfully,

Paul Stuart
